Emerita Resources 2022 Year-In-Review: Successful Major Drill Campaign Expands Deposits In Advance Of Initial NI 43-101 Resource Estimate, Permitting Process Commenced, and Strengthening Management Team

David Gower, P.Geo., CEO of Emerita remarks, "2022 was a very busy and productive year for the Company and our team made excellent progress in advancing the IBW project towards a potential production decision. 2023 will see the culmination of that effort with completion of the initial NI 43-101 mineral resource estimate, metallurgical testing...
